

Billy,

Being a Chelsea reject and all that, you wouldn't have a clue about The Arse and the traditions of our proud Club. But you know what? We don't expect you to. You've been made skipper now, so fair play, even tho we all wanted Kolo who's not a stroppy twat and will probably hang around long enough to finish his career with us!

There have been many occasions over the last few years where we hauled our fat, lazy arses thousands of miles to places like Valencia, Munich and even lowly Eindhoven only to see you lot put on a display not worthy of a red and white shirt. Not once has our loyalty faltered! Despite the fact that every time you turn in a shit result, you manage to swan off the pitch without a care in the world like the arrogant overpaid bunch of tossers you obviously are!

Therefore we at REDaction have put together a few bullet points which we'd like you to pass onto the rest of the gang in the hope that you could make our great club a proud place to be again:

- 1) Tell that miserable cunt in goal to start doing the twist. I'm sure Adebayor can show him how it's done. What with him being a great dancer and all that!
- 2) Stop diving all over the place like a bunch of fucking ballerinas! If you could please instruct Eboue especially in this regard, we would be most grateful. It's not big, it's not clever and it embarrasses us. Footballers will always get kicked; it's an unavoidable part of the game so either man up or fuck off.
- 3) Tell Van Persie to stop running like a gay. The big mincer.
- 4) Please let Kolo Toure take every penalty and free kick from now on until he gets something on target! We're sure he's gonna rip the net sooner or later so let's get it out the way ASAP and we can all move on!
- 5) PRACTICE SOME FUCKING CORNERS.
- 6) Can you please club together and buy Pat Rice some new glasses. Preferably see thru ones.
- 7) Tell the new boy to get his hair cut. When we go to Sunderland they're gonna call him a pint of Guinness and that's no fun for anyone.
- 8) Clap us when you lose. Just once, for the love of God. It's not hard and won't even make your hands sore as you're all wearing gloves most of the time anyway. You poofs!

Cheers,

Love from the lads in Block 6 (the noisy ones)
